

# Arrange Desktop Series

“We wanted to create a flexible system that allowed for us to organize things on a desk or shelf. A focal point in the design process was to make the design playful by encouraging the user to interact with it, using and reconfiguring the combination of trays, paired with an expression that is inspired by contemporary architecture. With its trays made in 100% recycled plastic and lids in cork and aluminum, the Arrange Desktop Series brings a forward-thinking perspective to modern storage.”

— Big-Game

<b>Designed by</b>	Big-Game
<b>About the Designer</b>	Big-Game is a design studio created in 2004 by Augustin Scott de Martinville, Elric Petit and Grégoire Jeanmonod based in Lausanne, Switzerland. The studio has received a number of awards, including the Wallpaper Design Award, the Swiss Design Award, the iF Design Award and more.
<b>Environment</b>	Indoor
<b>Country of Production</b>	Denmark
<b>Preassembled</b>	Yes.
<b>Description</b>	The Arrange Desktop Series is a configurable design that brings elegant functionality to the home office and workplace through its playful character and architectural expression. With its trays made using 100% recycled plastic alongside lids in either cork or anodized aluminum, the Arrange Desktop Series brings a sustainable perspective to modern storage.
<b>Material</b>	The trays are made using 100% recycled plastic mixed with color additives. The recycled plastic comes from post-consumer waste. Cork lid in cork. Aluminum lid in anodized aluminum.
<b>Cleaning &amp; Care</b>	We recommend cleaning the Arrange Desktop Series with a standard cleaning soap and water. Clean with a standard cloth and without using force. We do not recommend putting the product in the dishwasher or using any chemicals or bleach to clean the item, as this may harm the surface.
