ASGER LOUNGE CHAIR

The popular dining chair, Asger, is now available as a lounge chair. The seat and backrest provide both support and freedom of movement, so you never feel confined. Whether placed in private living rooms or lounge areas, the Asger Lounge Chair is sure to capture your attention and provide a comfortable experience. The production of the Asger Lounge chair relies on materials sourced from responsible managed FSC[®]-certified forests and other controlled sources.

PRODUCT DESCRIPTION

The Asger Lounge Chair features charming details and offers extraordinary comfort. Its seat and backrest provide support and freedom of movement, making it a comfortable option for various sitting positions. Whether used in a living room or lounge area, the Asger Lounge Chair will catch your eye and make you feel at ease.

DESIGN

Asger Soelberg, 2023

The Asger chair shares its name with the designer, and that is not a coincidence. According to Asger Soelberg, the chair is a personal comment to today's design ideal:

"The Nordic design philosophy after the year 2000 has dictated reduction until everything superfluous is cut away. I strongly disagree with that idea. In my opinion, it removes the charm of the design."

According to Asger Soelberg, the chair is anything but minimalist:

"The chair has many exciting angles, which means that you can explore the furniture and find new details for many years to come."

UPHOLSTERY

Asger Lounge Chair is available with seat upholstered in Bent Hansen's standard leathers or fabric from Danish Kjellerup Væveri (Kjellerup weaving mill). Please contact us for special requests.

LEATHERS

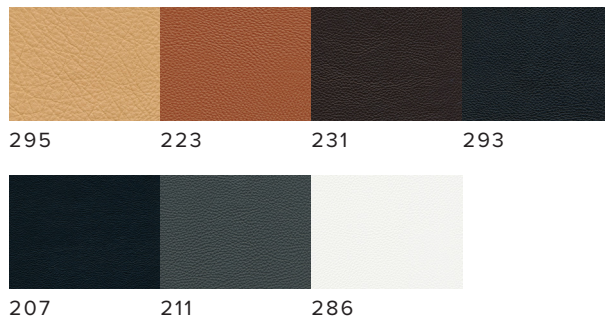

Zenzo 2, Bent Hansen Leather

Zenzo 2 leather is a soft and supple leather quality with a semi-matt appearance that gives the furniture a timeless look.

This leather quality has been treated with a protective surface finish that makes the leather dirt-repellent, durable and easy to keep clean. The finish prevents the leather from patinating, but the leather's natural character is preserved.

Zenzo 2 is extremely suitable for furniture that is exposed to heavy wear and tear in private homes or public environments.

DETAILS: Semi aniline leather of Brazilian hides. Chrome-tanned. Through dyed. Half grain. Pigmented and protective coat. Durable. Dirt repellent. Thickness: 1.2 – 1.4 mm.

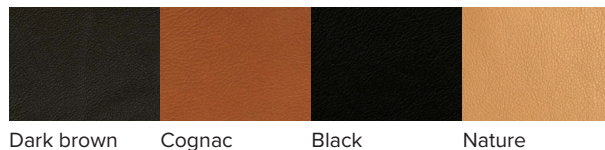

Adrian, Bent Hansen Leather

Adrian leather wraps itself elegantly around the furniture leaving it with a smooth appearance. This leather demonstrates all the natural characteristics of an animal hide such as skinfolds, streaks and visible healed scars from scratches and insect bites.

Adrian leather is breathable because of its open-pored surface. This gives the upholstery a soft touch and unique comfort

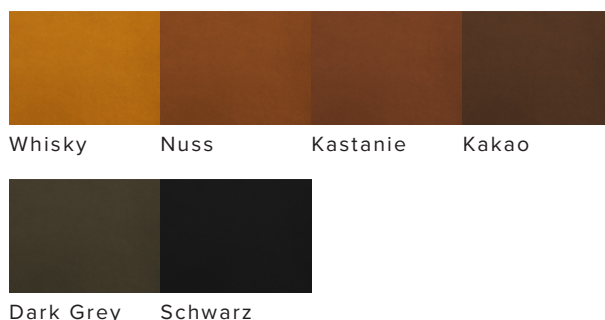

DETAILS: Aniline leather of European raw hides. Chrome-tanned. Through dyed. Full grain. Micropigmentation to avoid colour shades. Thickness: 1.0 – 1.2 mm..

Ranchero, Leder Fiedler

Ranchero is a natural and exclusive leather quality of first-class South German raw hides. This leather demonstrates all the natural characteristics of an animal hide such as skinfolds, streaks and visible healed scars from scratches and insect bites.

DETAILS: Aniline leather of South German raw hides. Ecological mineral tanning. Dyed through. Full grain (open hair follicles). Stain-prevented by impregnation. Blauer Engel certified. Thickness: 0.9 – 1.1 mm. Batch to batch variations in colour and texture may occur.

WARRANTY

A 2-year warranty period starts as soon as you receive your goods. If the product turns out to be faulty (materials and workmanship) you are entitled to make a complaint. If your claim is approved Bent Hansen will repair, replace, reduce the price or give you a refund.

Wear, tear and damage to the product are not covered under this warranty. Claims from end users under the warranty must be submitted to the vendor from whom the product was purchased. All measurements are indicative.

Without undue delay you must inform Bent Hansen of discovering a fault, otherwise you may lose your right to the warranty.
