Connect Soft Modular Sofa Modules

"The Connect Soft Modular Sofa is a seating system rooted in the idea of uncovering the perfect proportional connections between the different components within a sofa. Designed with a deep, low seat, loose upholstery, and an inherently soft filling, the Connect Soft Modular Sofa is at once elegant and contemporary—a sentiment that is echoed through its small feet underneath for a hovering expression while its box stitching infuses it with a modern touch. The design adds a geometric and elegant perspective to the archetypal modular sofa, paired with ultra-soft comfort for hours of lounging."

— Anderssen & Voll

Designed by	Anderssen & Voll
About the Designer	Anderssen & Voll are two-thirds of the former Norway Says and among the most prominent and successful Norwegian designers. They have formerly been named both Norwegian and Scandinavian Designers of the Year in Norway and have received international awards and recognition for their work with furniture, lighting, and home accessories.
Environment	Indoor
Country of Production	Lithuania
Description	The Connect Soft Modular Sofa merges geometric proportions with a deeply inviting comfort, offering a balance of structure and softness. A wide range of modules allows for seamless tailoring to any space. Flexible angles enhance versatility, opening up new possibilities for playful layouts that adapt to changing needs.
Material	Seat and back frame are made in FSC™-certified (FSC-CO28824) wood. The back frame is padded with cold foam and wadding, while the seat features zig-zag springs, felt, cold foam, and wadding. The modules are upholstered in high-quality textiles, imitation leather, or leather, with a thin layer of wadding underneath. Metal brackets are used to connect the modules. Plastic: Plastic is a synthetic material made from various organic polymers, such as polyethylene or PVC. Table: MDF with oak veneer and a clear water-based lacquer finish. Legs made from solid oak with black water-based lacquer.

Connect Soft Modular Sofa Modules

Cleaning & Care

We recommend removing non-greasy marks for stains by gently dabbing with a lint-free cloth or sponge wrung out in clean, warm water. Use soapy water made with a small amount of dish soap if needed. Follow up by dabbing with clean water. For more detailed cleaning instructions, refer to the textile manufacturer's website, Kvadrat.dk, Nevotex.dk, Maharam.com, or Gabriel.dk, as cleaning methods may vary depending on the textile.

Imitation Leather:
Clean with lukewarm, PH-neutral, soapy water and a soft cloth or brush. Avoid using solvents or harsh chemical cleaners, but alcohol-based cleaners are acceptable. Always wipe with a damp cloth afterward.

Leather:
As a natural material, leather needs proper care. With the right treatment, a beautiful patina will develop over time.
Refine, Easy, and Endure Leather: Regularly clean with a dry cloth. Treat the leather at least four times yearly using specialized leather care products. For more information on cleaning leather, visit ca-mo.com.
Allure and Grace Leather: Vacuum clean only using a soft brush. Avoid soap, water, or chemicals, which can damage the material and remove its velvety appearance. Do not apply leather grease or soak the leather.

Table: Wipe the table with a damp cloth. Use a mild detergent or dishwashing liquid if needed—avoid concentrated cleaners. Always dry with a clean cloth. To prevent stains and marks, promptly remove any liquid, grease, or spills.

Additional Information

Connect Soft - Left Armrest Module (A)

Please note	This product features an armrest on the left-hand side when facing the product from the front.

Connect Soft - Right Armrest Module (B)

Please note	This product features an armrest on the right-hand side when facing the product from the front

Connect Soft - Left Open-Ended Module (C)

Please note	This product features an open end on the left-hand side when facing the product from the front.

Connect Soft - Right Open-Ended Module (D)

Please note	This product features an open end on the right-hand side when facing the product from the front.

Connect Soft - Left Armrest Chaise Longue Module (G)

Please note	This product features an armrest on the left-hand side when facing the product from the front.

Connect Soft - Right Armrest Chaise Longue Module (H)

Please note	This product features an armrest on the right-hand side when facing the product from the front.
