

# Fiber Lounge Chair Wood Base

“One of the most difficult and noble disciplines of design is to create simple, well-functioning and almost ordinary objects that nevertheless have a strong identity. We designed the Fiber Lounge Chair to do just that through a clear and sculptural language that refuses to compromise on comfort, embracing the body of its user. With a light and almost hovering appearance, the design joins soft, friendly curves with an innovative wood fiber composite, giving the Fiber Lounge Chair a unique expression and inviting seat.”

**Description**

The Fiber Chair brings a new perspective to the iconic shell chair through its innovative composite of wood fibers and 100% recycled plastic. The wood fibers blend into the surface for a matte finish, adding a soft, inviting touch. The Fiber Chair is designed with friendly, embracing curves that provide extensive comfort to its user while taking up little space in the room.

# Fiber Lounge Chair

## Wood Base

### Material

#### Shell - Without Upholstery:

The shell is made using 100% recycled plastic reinforced with strength-improving additives and mixed with up to 25% FSC™- certified (FSC-C028824) wood fibers. The recycled plastic comes from post-industrial waste. Due to the shell's partly natural material, slight color variations can occur.

#### Shell – Upholstered Variants:

The shell is made using 100% recycled plastic reinforced with strength-improving additives and mixed with up to 25% wood fibers. The recycled plastic comes from post-industrial waste. Shell can be upholstered with textile, imitation leather, or leather. Leather from selected premium leather suppliers.

#### Shell – Front upholstered variants:

The shell is made using 100% recycled plastic reinforced with strength-improving additives and mixed with up to 25% wood fibers. The recycled plastic comes from post-industrial waste. Due to the partly natural material of the shell, slight color variations can occur. The shell can be front upholstered with textile, imitation leather, or leather, which is from selected premium leather suppliers.

#### Base:

Wood base in FSC™-certified (FSC-C028824) oak with water-based lacquer. For Stained Dark Brown version only: Please note that slight color variations can occur due to the inherent characteristics of the material. Plastic glides.

Please note that the Fiber Chair with recycled plastic will be available in North America during 2024.

Therefore, the North American versions are not EU Ecolabel Certified.

## Cleaning & Care

### Textile:

For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We highly recommend that you go to [kvadrat.dk](http://kvadrat.dk) for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.

### Imitation Leather:

Clean with lukewarm PH-neutral soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterwards.

### Leather:

As a natural material, leather requires looking after. If you care for the leather in the right way, it will become even more beautiful over time.

Refine Leather, Easy Leather and Endure Leather: Clean leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products. Visit [ca-mo.com](http://ca-mo.com) for further information on cleaning leather.

Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water otherwise the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid any chemical products, such as saddle soap, leather cleaners or household products.

### Base:

Clean with a moist cloth. If necessary, use a little dish soap on the cloth.

## Spare Parts

Pre-mounted plastic glides included. Felt and plastic glides can be purchased separately.

Spare parts are available throughout the warranty period from the date of purchase of the product. For any inquiries, please contact [customer care@muuto.com](mailto:customer care@muuto.com)
