

Belmont Media Stand

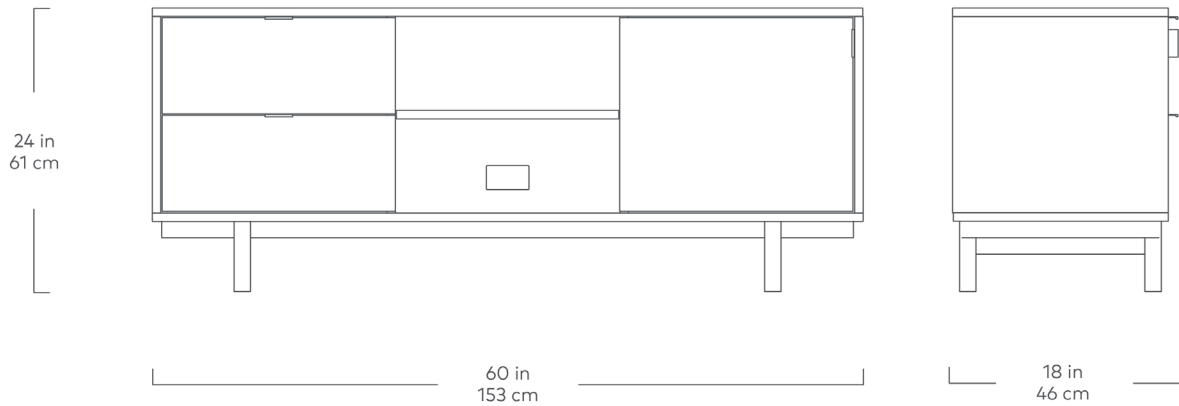

Walnut

The Belmont Media Stand is an architecturally inspired storage design that features the natural beauty of walnut. Designed for Hi-Fi and media components, a back panel opening in the cabinet allows for concealed cable management. Drawers provide storage to keep your living room uncluttered, while adjustable shelves and a sliding front panel let you reveal or conceal components. Part of the Belmont Storage Series, this media stand matches perfectly with the Belmont Credenza and End Table.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit guscontract.com for more information about our Trade & Contract programs.

Belmont Media Stand

- Features 2 drawers and 1 sliding door (on a black aluminum track) with black metal pulls.
- Compartments have adjustable shelves for efficient storage.
- Opening at the back of adjustable shelf and back panel for cable management.
- For strength and stability, cabinet panels are constructed using an engineered wood core with real wood veneer.
- Clear coat finish.
- Recessed wood base is solid ash with a walnut finish.
- Plastic bumpers on all legs to protect hardwood floors.
- CARB (California Air Resources Board) Phase II compliant.
- Wood is a natural material, with variations in grain pattern and colour that make each design unique.
