COLLECTOR DINNING TABLE

Please make sure that the table is correct assembled before usage.

Please use only warm soap water when cleaning and dry immediately with a soft cloth. To prevent ring marks use coasters under glasses etc. Always clean up spills immediately.

Collector Dinning Table is made of solid oak treated with oil. If the surface of the wood dries out you might be able to restore its original glow using rapeseed oil. Apply a fine layer of rapeseed oil to the product, dry immediately afterwards. The wood is likely to get a slightly darker colortone after applying oil. Please test on a small part of the table before applying rapeseed oil to the entire unit. If in doubt, please consult af professional for advice on how to treat the wood.

Please be aware that wood is a material changing imperceptibly over time. All wood reacts to sunlight, humidity, temperature and can vary slightly in grain pattern and coloration.

Don't stand on the furniture!
