Year 2017

Aldo Bakker

The work of Dutch artist and designer Aldo Bakker has a delicate and rare sense of harmony and the shapes communicate through colour, association, touch, texture, and materiality. His designs are exquisitely balanced, often strange, yet strangely familiar. Timeless, sculptural and always intended to trigger a response. Widely published and exhibited, Aldo Bakker continues selected collaborations with renown manufacturers while further completing his personal collection with master craftsmen and galleries around the world.

A rework of Aldo Bakker's wondrous Pink Stool in urushi lacquer from 2015, Bon exudes Bakker's accomplished sense of serene form and materiality. The sculptural stool consists of two contradictory container shapes put together: an upright and deep vertical shape and a flat horizontal shape that defines the seating.
