## CARE INSTRUCTION & ASSEMBLY GUIDE Stool / Table / XL Table

## Stool / Table / XL Table

Congratulations on your new Kristina Dam Studio design!

Please make sure that the furniture is correct assembled before usage. Please be aware that wood is a material changing imperceptibly over time. All wood reacts to sunlight, humidity, temperature and can vary slightly in grain pattern and coloration.

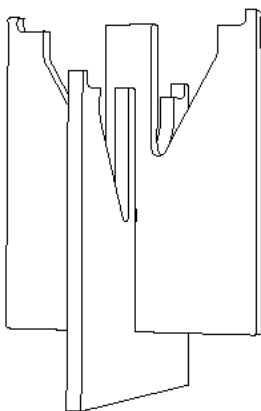

Please use only warm soap water when cleaning and dry immediately with a soft cloth. To prevent ring marks use coasters under glasses etc. Always clean up spills immediately. The solid oak is treated with black laquer. Exposed to direct sunlight the colour can fade slightly over time.

Don't stand on the furniture!

For more care and maintenance guidelines, please go to [kristinadamstudio.dk](http://kristinadamstudio.dk)

1.

---

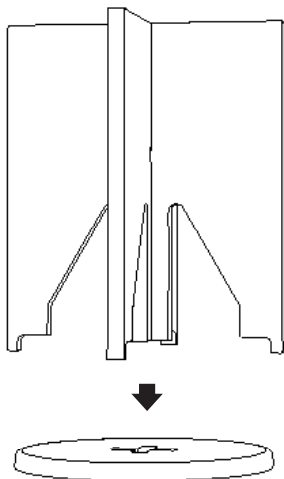

Direction

Rubber hammer (if needed)

2.

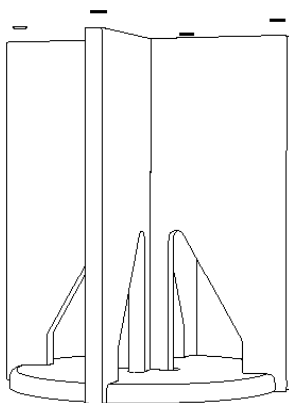

Place top plate on the floor and press legs inside. If needed rotate legs 90 ° clockwise until perfect fit!

Rubber hammer (if needed)

3.

4 x Felt stickers

## Studio

Arches and architecture are the essences of the Kristina Dam Studio's monochrome collections. Founded in 2012 by graphic designer Kristina Dam with the initial design idea for the studio to create industrial designs with an art-based approach, making art and sculptures accessible to everyone.

At Kristina Dam Studio, we call our design approach "Sculptural Minimalism". We define sculptural minimalism by merging the artist's meticulous attention to detail with the architect's vision and spatial understanding.

The respect for nature's materials is integral to every piece, the passion for diligent craftsmanship is evident in every item, and each design is more than just interior objects.

All our products are made from high quality and long-lasting materials. Please follow our care instructions and treat your new item accordingly.

All products are designed in Copenhagen, Denmark.
