

Linear Steel Bench

“The Linear Steel Series was designed from the idea of presenting durable materials in a sophisticated and understated expression for outdoor use with its form language inspired by the notion of meetings—the meetings of lines, the meetings of shapes and the meetings of materials. The design is defined by its straight lines for a contemporary yet timeless aesthetic through the details of its folded edges, half-circular intersecting legs and small spacing for easy outflow of water. It is through these subtle elements that the Linear Steel Series translates the values of elegance, longevity and functionality into modern outdoor furniture.”

— Thomas Bentzen

Designed by	Thomas Bentzen / 2018
About the designer	Thomas Bentzen, former Head of Design at Muuto, started his own studio in 2010. Bentzen’s designs are characterized by simplicity, rationality and functionality — always firmly rooted in the Danish design tradition, material knowledge, craftsmanship and rational industrial manufacturing processes. His work continues to receive international recognition at fairs and exhibitions all over the world.
Environment	Outdoor
Country of Production	Sweden
Preassembled	No - Mount legs to seat.
Description	The Linear Steel Bench brings new perspectives to modern outdoor furniture through its straight lines alongside the folded edges, halfcircular intersecting legs and small spacing for easy removal of water. Kept visually clean for long-lasting aesthetics, the Linear Steel Bench finds its distinct character through subtle detailing and a simple expression, allowing for it to complement any outdoor setting. The Linear Steel Bench is designed in proportions that allow for it to slide easily under the matching Linear Steel Table.
Material	Frame and seat are made from steel with a weather-resistant deep matt, UV-resistant powder coated finish. Seat is aluzinc while legs are galvanized treated, making them suitable for outdoor use. Legs come with plastic glides.

Linear Steel Bench

Cleaning & Care

When cared for properly, the Linear Steel Series is designed to last. Follow these simple rules to care for your design in the best possible way:

Clean the bench with a damp cloth after use. If necessary, use a mild detergent or dish-washing liquid, not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquids, grease etc. should be removed straight away. Lacquered surfaces can get scratches and chips if hit by other hard objects. Be careful around the design when handling other hard objects, such as tableware and porcelain. Never stack benches and tables on top of each other as hitting the surfaces against each other will cause lacquer to chip and scratch.

To protect the Linear Steel Series from weather's harm when not in use, a cover can be purchased separately, allowing one to slide the benches under the table. Please make sure that both the piece of furniture and the inside of the cover is completely dry before putting the cover on.

Linear Steel Bench

Dimensions

110 x 34 cm / 43.3 x 15.4"

Length: 110 cm / 43.3"
Height: 45,5 cm / 17.9"
Width: 39 cm / 15.4"
Seat Height: 46 cm / 18.1"

170 x 34 cm / 66.9 x 15.4"

Length: 170 cm / 67"
Height: 45,5 cm / 17.9"
Width: 39 cm / 15.4"
Seat Height: 46 cm / 18.1"

Ready-to-ship
