# MEET TABLE

Meet is a highly practical dining table with a fine profile. Due to the positioning of the legs in the corners of the table, optimal space utilization is achieved. At the same time, an interesting merge between warm, natural oak and hard, industrial steel is incorporated in the construction.

## PRODUCT DESCRIPTION

Meet is a dining table that combines tight, geometric simplicity with organic, soft shapes. The dining table's silhouette appears minimalistic and detailed at the same time. The black steel legs are crafted in a rarely seen flat-oval profile, which blends elegantly with the sides of the table top. Extension leaves can be purchased separately.

## DESIGNER

Says Who

Says Who is a team of dedicated furniture designers rooted in the traditions of Scandinavian design. With passion and curiosity, they challenge the expected and create great design for everyone. Their goal is to deliver fantastic furniture.

## LEGS

Black texture-coated steel.

W: 95 cm

Extension leaf: 50 cm

Distance from floor to frame: 69,5 cm

0 extension leaves

1 extension leaf

2 extension leaves

## WARRANTY

A 2-year warranty period starts as soon as you receive your goods. If the product turns out to be faulty (materials and workmanship) you are entitled to make a complaint. If your claim is approved Bent Hansen will repair, replace, reduce the price or give you a refund.

Wear, tear and damage to the product are not covered under this warranty. Claims from end users under the warranty must be submitted to the vendor from whom the product was purchased. All measurements are indicative.

Without undue delay you must inform Bent Hansen of discovering a fault, otherwise you may lose your right to the warranty.

## ENVIRONMENTAL PRODUCT INFORMATION

### MATERIALS

// Table top  
Laminate.

// Legs  
Steel.

### PACKAGING

Meet Table is shipped in cardboard. The cardboard material can be recycled.

### MAINTAINANCE AND CLEANING

Table top laminate:

Daily cleaning of the table top is done with an ordinary cloth rung out with hot water. If needed add all-purpose cleaner.

For a deep clean you can use a melamine sponge which also reduces fine scratches in the surface. Be careful with the sponge as it has a light abrasive effect.

### DISPOSAL & REUSE

Meet Table can be disassembled into table top and legs. The steel legs can be recycled. Check local regulations for recycling in your area and whether there is potential for reuse.
