

Oslo Sofa 3-Seater

“With the Oslo Sofa series, we wanted to create a design that had a light and airy appearance with extensive comfort. Its smooth, embracing curves makes it a both inviting and sculptural design while the slender legs give it an elevated and refined look. The Oslo Sofa series brings a new perspective, with its rounded softness and gentle seat—a friendly design for any setting of the modern home and office.”

Cleaning & Care

Textile:

For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean, warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We highly recommend that you go to kvadrat.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.

Imitation Leather: Clean with lukewarm PH-neutral, soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterward.

Leather:

As a natural material, leather requires looking after. If you care for the leather correctly, it will become even more beautiful over time.

Refine Leather, Easy Leather, and Endure Leather: Clean leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com for further information on cleaning leather.

Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water; otherwise, the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid chemical products, such as saddle soap, leather cleaners, or household products.

Base: Clean with a moist cloth. If necessary, use a little dish soap on the cloth.
