# Outline Soft Sofa 3-Seater

"With the Outline Soft Sofa Series, we wanted to create a visually light and elegant design with lots of comfort, translating aspects of modern architecture into the design through juxtaposing elements. Outline is created with slim proportions for a simple and elegant look, complemented by its generous seat and slender legs. There's a calm serenity about the Outline Soft Sofa Series, having a soft seat with clean lines and a strong architectural presence, brought forth by its overlapping forms that bring a refined touch to the expression of the design."

| **Description** | Outline Soft Sofa combines a strong outline with soft, relaxed details. Spacious cushions deliver an enveloping comfort, while subtle folds in the fabric give a casual, inviting character. The cushions' top layer is made using foam sourced from production off-cuts. The frame is made using FSC™-certified (FSC-CO28824) wood. With its casual expression and comfortable proportions, Outline Soft is designed for everyday living in both modern and homely interiors. |
| **Material** | The seat and back frame are made using FSC™-certified (FSC-CO28824) wood. The seat and back cushions are composed of PU foam and shredded foam with a wadding layer on top. The shredded foam is derived from production off-cuts that would otherwise be discarded. The armrest cushion is made from PU foam. The sofa is fully upholstered in textile, imitation leather, or leather, with leather sourced from selected premium suppliers. Pre-mounted felt glides are included. Loose cushions are available for purchase separately.<br>?The base is crafted from powder-coated or polished aluminum and made using a minimum of 9O% recycled die-cast aluminum. The recycled content is sourced from a mix of post-industrial and post-consumer waste. |

**Cleaning & Care**

General Maintenance: Cushions with loose filling should be shaken and gently patted after use to maintain shape and softness. Upholstery should be vacuumed regularly to remove dust and dirt, helping to prevent premature wear. The upholstery or low suction setting should be used in combination with a soft brush. The chair should be protected from direct sunlight and strong heat sources, as prolonged exposure may affect color and durability. Spilled liquids and stains should be attended to immediately to reduce the risk of permanent stains and marks.

Upholstery Care:
Textile: For stains, non-greasy marks should be gently dabbed with a lint-free cloth or sponge wrung out in clean, warm water. If needed, a mild solution of dish soap and water may be used, followed by clean water. For fabric-specific instructions, maintenance guidelines should be consulted directly from the textile supplier (e.g., Kvadrat.dk, Nevotex.dk, Maharam.com, or Gabriel.dk), as cleaning methods vary.
Imitation Leather: Should be cleaned with lukewarm, pH-neutral soapy water using a soft cloth or soft brush. Solvents and general chemical cleaners should be avoided; alcohol-based cleaners may be used. The surface should be wiped with a damp cloth to finish.
Leather: Leather is a natural material that develops character over time with regular care.
Refine Leather, Easy Leather, and Endure Leather: Should be dusted regularly with a dry cloth. The leather should be treated at least four times a year using dedicated leather-care products. For further guidance, ca-mo.com can be consulted.
Allure and Grace Leather: Should only be vacuumed with a soft brush. Soap and water should not be used, as they may remove the leather's velvety finish. Leather grease and chemical products—including saddle soap, general leather cleaners, and household agents—should be avoided.

Base: Powder-coated or polished aluminum should be cleaned with a lint-free cloth using lukewarm water. If needed, a mild detergent can be applied to the cloth. The surface should then be wiped dry with a clean, lint-free cloth.

**Additional Information**

A Power Outlet including USB and USB-C charger can be added to the Outline Sofa Series. The Power Outlet is available in an EU, US and UK version. Please note that Muuto does not offer installation of the Power Outlet into any Muuto products.
