KUBUS MICRO  
Designed by *Audo*

A new small wonder has seen the light of day. Kubus Micro is a stylish, smaller version of the iconic Kubus candleholder and is designed by Audo in 2021. It is based on the exact same mathematical geometry as The very first Kubus Candleholder Mogens Lassen designed in 1962. Just very much smaller. Precisely half the size of Kubus 1. The black Kubus-shape frames the light beautifully and adds a minimalist expression to the table setting. Kubus Micro fits a single candle and is perfect for all kinds of festivities, where the table must be beautifully laid, and you want a very special atmosphere. The candleholder works alone in a beautiful still life or arrange several together for a greater effect. A beautiful table for the last celebrations of the year Kubus Micro creates just the right atmosphere at this year's Christmas and New Year table for a sharp and minimalist expression. The black cubistic shapes add a graphic and timeless element, and the iconic design can therefore act as the mainstay of the table setting year after year. The expression on the Christmas table can easily be varied with flowers, s or new tableware, while Kubus Micro acts as a traditional eye-catcher year after year. If you keep the table setting in black, silver and white, the same elements can also be used for a festive New Year's Eve. Kubus Micro comes in a package with 2 small candleholders, so they can decorate nicely together in the windowsill, on the dinner table, dresser or even as Advent candles.

# KUBUS 1

Designed by *Mogens Lassen*

With a sharp sense of contemporary Functionalist style, Mogens Lassen designed the iconic Kubus candleholder in 1962, a piece once reserved solely for family and close architect colleagues. The Kubus is still crafted in Denmark, and among architects and design connoisseurs it has achieved the status of a modern international design icon. The story about Kubus 1: Architect Mogens Lassen was commissioned to design the interior for a restaurant in North Zealand, Denmark, and it was within the context of this assignment that the Kubus 1 was born. The square-shaped Kubus 1 gathered people around the table just as Mogens intended, and its characteristic shape and simple light created an atmosphere of coziness throughout the entire restaurant. The Kubus 1 still decorates tables in the very same restaurant, because good design lives on for generations.

KUBUS T  
Designed by *Søren Lassen*

The tealight, Kubus T, was added to the Kubus collection in 2018, designed by Sarah Abbondio. Simplistically and graphic stringency is the keywords describing the candleholder. Choose the classic powder-coated versions, the raw burnished copper, which over time will darken beautifully, gold-plated or the beautiful, shiny nickel version, which is warm and unique in its glow - or combine more for a beautiful, sculptural Still Life on the windowsill or on dinner table.

BASE FOR KUBUS  
Designed by *Jacob Manz*

Base was designed in 2009 as an accessory for Kubus and Line to protect surfaces from dripping candle wax. Base beautifully frames the candleholders and emphasizes the simple design of both Kubus and Line. Base has been designed with the greatest respect for the architect Mogens Lassen – both as an architect and as a designer.

# KUBUS LINE

Designed by *Mogens Lassen*

With a sharp sense of contemporary Functionalist style, Mogens Lassen designed the iconic Kubus candleholder in 1962, a piece once reserved solely for family and close architect colleagues. In 1983 he reapproached his own geometric candleholders, and the result was Line, whose shape was conceived through a mathematical formula. The two candleholders form a single line, and the architectural look fits perfectly with contemporary minimalism. Kubus and Line is still crafted in Denmark, and among architects and design connoisseurs it has achieved the status of a modern international design icon.

KUBUS SNUFFER  
 Designed by *Søren Lassen*

With reference to the iconic Kubus candleholders, the Kubus Snuffer in black is an essential addition to the collection. Avoid drips and wax stains and keep your candleholder pristine by using the snuffer instead of blowing out the candles. With the same cubic metal frame and side length as the Kubus 8 candleholder, the snuffer is designed to be showcased as a natural extension to your candleholder.

KUBUS FLOWERPOT  
Designed by *Søren Lassen*

Herb pot, vase or a simple container. The possibilities are endless. Another addition to the Kubus collection, Kubus Flowerpots come in three different sizes: Flowerpot 10, designed by Søren Lassen and Sarah Abbondio; Flowerpot 14; and Flowerpot 23, designed by Søren Lassen. The container is deeper than the classic Kubus Bowl, making this a highly versatile storage item. As the name indicates, it was originally intended as a home for plants and flowers, but with its elegant geometric shape it will sit happily in any space as a standalone piece. The Kubus Flowerpot comes in two distinctive monochrome powder-coated colors enabling it to fit into the interior aesthetic of any style-conscious home. Place it on the table, window sill, on the garden table, on the patio, or hang it on the wall with the Kubus Wall Bracket that give the Kubus Flowerpot a light, airy contemporary look. Like the other containers in the Kubus collection, this also comes with an insert that's recommended for planting.

# KUBUS VASE LOLO

Designed by *Søren Lassen*

Kubus Vase Lolo was originally designed by Søren Lassen in 2014, but was launched in celebration of Audo's 10th anniversary 2018. The vase is a natural extension of the series, which has already seen the creation of the Kubus Line candlestick and Kubus Bowl to add to the original Kubus Candleholder. Whether it stands alone or as part of a collection of items, it looks crisp yet feminine when filled with light, colourful blooms. With its simplicity and precision, it also has a strong enough aesthetic to make a statement all on its own.
